### **Pennex Aluminum Company Adds 14” Billet To Remelt Product Line**

**Wellsville, PA, USA** – Pennex Aluminum Company announces the expansion of its billet product line through an investment in Wagstaff 14” molds and mold table. According to Harry Dillman, Pennex Remelt Operations Manager, the investment has brought an exciting new product to our facility which will increase expand our toll sales. Rick Merluzzi, President & CEO of Pennex, added that the 14” investment is another exciting step in improving our overall capability to serve our customers. The investment continues to demonstrate Pennex long term commitment to its aluminum billet casting business. Pennex produces 7”, 8”, 9” and now 14” log in lengths up to 252”.

Pennex Aluminum Company is a leading supplier of customer aluminum extrusions, fabrication services and aluminum ingot. The company serves the building and construction, transportation, electrical and distribution markets. Pennex operates facilities in Wellsville, PA and York, PA. The company is owned by Metal Exchange Corporation, a global metals trading company.
